

THE STRONGEST & MOST AFFORDABLE BUCKETS FOR YOUR COMPACT SKID STEERS & TRACTOR LOADERS

Digging Bucket

Utility Bucket

Mulch (Bulk Material) Bucket

Utility Buckets

- Reinforced bucket radius for strength, rigidity and easy clean out
- Square reinforced heel for back dragging
- Reinforced end plates for strength and longer life
- Hardened 3/8" X 3" cutting edge

Mulch (Bulk Material) Bucket

- Same great features as the utility buckets
- 3 bottom skid plates for strength and rigidity
- Upper bucket lip reinforcement
- Great visibility with 8" X 33" perforated metal in upper bucket back
